

How the scheme works:

- ◆ A telephone number for the scheme will be advertised in the area the scheme covers. The scheme will advertise the services it offers. Anyone in the area that is covered can call to ask for help.
- ◆ The co-ordinator taking the call matches each request to an appropriate volunteer who has agreed to help in one or more of the services listed overleaf.
- ◆ Once an appropriate volunteer has been identified, they will call the person requesting help and arrange a date and time to visit.

Completing the questionnaire:

Thank you for your help.

DAVENTRY GOOD NEIGHBOUR SCHEME

Questionnaire

Are there any small jobs you need help with that you cannot do for yourself such as tidying the garden, form filling, minor household repairs, shopping or using the computer?

Volunteers in this area are considering launching a Good Neighbour Scheme aimed at helping to make life easier for people in this community. The scheme will link local people in need of a 'helping hand' with local people willing to donate time and services. People volunteering will be fully supported. It's about you deciding how much time you can spare, when you can spare it and what you are able to do.

To help us, we would like to know if:

A: You may want to use the Good Neighbour Scheme at some time and/or

B: Whether you would like to volunteer a few hours to help.

YOU CAN DO BOTH!

Please complete this short questionnaire and return to the collection points shown on the back page. If you have any questions please call Daventry District Council on 01327 871100.

A. Would you USE a Good Neighbour Scheme for help?
